(1) All budget codes listed in the Governor's Recommended Base Budget for the 2019-2021 fiscal biennium, submitted pursuant to G.S. 143C-3-5, are appropriated up to the amounts specified, as adjusted by the General Assembly in this act and as delineated in the Committee Report described in Section 42.2 of this act, or in another act of the General Assembly.
(2) Agency receipts up to the amounts needed to implement the legislatively
mandated salary increases and employee benefit increases provided in this act
for each year of the 2019-2021 fiscal biennium.

SECTION 4.1.(b) Receipts collected in a fiscal year in excess of the amounts
appropriated by this section shall remain unexpended and unencumbered until appropriated by

grants are hereby appropriated and shall be incorporated into the authorized budget of the
recipient State agency.

SECTION 4.2.(c) Notwithstanding the provisions of this section, no State agency

SECTION 9B.9.(c) Subsection (b) of this section becomes effective July 1, 2019.

SECTION 9B.9.(d) It is the intent of the General Assembly to restructure North Carolina's Child Fatality Prevention System in order to eliminate the silos and redundancy that exist within the current system, implement centralized coordination of the system, streamline the system's State-level support functions, maximize the usefulness of data and information derived from teams that review child fatalities, ensure that relevant and appropriate information and recommendations from teams that review child fatalities reach appropriate local and State leaders, and strengthen the system's effectiveness in preventing child abuse, neglect, and death.

To that end, by March 4, 2020, the Department of Health and Human Services, in consultation with individuals knowledgeable about child fatality review and prevention, shall develop and submit to the Joint Legislative Oversight Committee on Health and Human Services a detailed written proposal for restructuring the statewide Child Fatality Prevention System. The Department's plan shall, at a minimum, include recommendations for accomplishing all of the following:

1. Reducing the number and types of child death review teams by combining the functions of the Local Child Fatality Prevention Team, Community Child Protection Team, State Child Fatality Prevention Team, and State Child Fatality Review Team into a single local team with different procedures and required participants for different categories of child fatality reviews, with attention given to the following:
   a. A plan that allows a local team to choose whether to be a single-county or multicounty team.
   b. An examination of the purpose, process, and function of child death reviews related to abuse and neglect that are currently conducted by the Child Fatality Review Team, State Child Fatality Prevention Review Team, and Community Child Protection Teams, and a plan that articulates the most appropriate purpose and functions for these types of reviews, along with specialized procedures, team participants, and State-level technical assistance necessary to fully address such cases. This plan shall take into account the different methods of information collection and sharing by these two teams as well as any relevant federal laws, such as those related to State child abuse prevention plans.
   c. Whether there is a need for specialized procedures and required participants for certain categories of infant deaths or other categories of deaths.
   d. Whether there are circumstances under which a State-level team review of a child fatality would be occasionally, but not routinely, necessary and if so, a description of those circumstances and a plan for how the Fatality Review and Data Group should be structured to carry out this function.
Discontinuing the practices of using (i) Community Child Protection Teams as citizen review panels to fulfill the requirements of the federal Child Abuse Prevention and Treatment Act and (ii) child death review teams to review active cases involving children and families involved with local departments of social services child protective services. The Department's recommended plan shall include a more effective framework for meeting federal requirements for citizen review panels and for reviewing active cases involving children and families involved with local departments of social services child protective services.

Reducing the volume of team fatality reviews by changing the types of deaths requiring review based on specific categories of death most likely to yield prevention opportunities, including deaths resulting from the following:

1. Undetermined causes.
2. Unintentional injury.
5. Child abuse or neglect, suspected child abuse or neglect, or cases involving children and families involved with local departments of social services child protective services within the 12-month period preceding the fatality.
6. Sudden unexpected infant death.
7. Suicide.
8. Deaths not expected in the next six months.
9. Infant deaths that meet criteria determined by the Department, in consultation with child fatality review and prevention experts and perinatal health experts, in order to optimize the identification of prevention opportunities.
10. Any other category of death determined by the Department for which team review would be likely to yield prevention opportunities.

Implementing a centralized electronic data and information system for data and information managed by the State Office that includes all of the following:

1. Participation in the National Child Death Review Case Reporting System.
2. Creation, implementation, and support for procedures and tools addressing data and reporting for child death review teams.
3. Development and implementation of policies and procedures for appropriate sharing and protection of information and data with respect to information used by or generated from child fatality reviews.
4. An evaluation of existing laws, rules, and policies addressing information protection and sharing as it relates to child death reviews in order to make recommendations concerning any changes needed to support the effective functioning of the restructured statewide Child Fatality Prevention System.

Creating a multi-sector, multidisciplinary Fatality Review and Data Group to be convened and facilitated by the State Office for the purpose of periodically reviewing aggregate data and recommendations from child death review teams and child death data from the Office of the Chief Medical Examiner in order to advise State Office staff on relevant, appropriate information and reports that should be submitted to the Child Fatality Task Force, distributed among child death review teams, submitted directly to relevant organizations, or a combination of these.
SECTION 9B.9.(e) By December 1, 2019, the Department of Health and Human Services shall execute any contractual agreements and interagency data sharing agreements necessary for participation by child death review teams in the National Child Death Review Case Reporting System. Once the necessary agreements are in place and appropriate policies and protocols addressing utilization of this System have been adopted, local Child Fatality Prevention Teams shall utilize the National Child Death Review Case Reporting System.

SECTION 9B.9.(f) Subsection (e) of this section is effective when it becomes law.

Other than developmental disabilities or other chronic health issues, the Division shall
not consider the health of a child as a factor in determining eligibility for participation in the NC

Early Education shall require the NC Pre-K contractor to issue multiyear contracts for licensed
private child care centers providing NC Pre-K classrooms.

SECTION 9C.1.(c) Building Standards. – Notwithstanding G.S. 110-91(4), private
child care facilities and public schools operating NC Pre-K classrooms shall meet the building

RAISE BASE REIMBURSEMENT RATES FOR NC PRE-K CHILD CARE CENTERS

SECTION 9C.2. Of the funds appropriated in this act to the Department of Health
and Human Services, Division of Child Development and Early Education, funds shall be
allocated to raise the base reimbursement rates for child care centers participating in the North
Carolina Prekindergarten (NC Pre-K) program by two percent (2%) over the 2018-2019 fiscal
year rates for the 2019-2020 fiscal year and by an additional six percent (6%) over the 2019-2020
rates for the 2020-2021 fiscal year. It is the intent of the General Assembly that funds allocated
pursuant to this section be used to increase the salaries of teachers working in child care centers
as a means to address disparities in teacher salaries among teachers working in child care centers versus those working in public schools or Head Start centers.

**CHILD CARE SUBSIDY RATES**

**SECTION 9C.3.(a)** The maximum gross annual income for initial eligibility, adjusted annually, for subsidized child care services shall be determined based on a percentage of the federal poverty level as follows:

<table>
<thead>
<tr>
<th>AGE</th>
<th>INCOME PERCENTAGE LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 5</td>
<td>200%</td>
</tr>
<tr>
<td>6 – 12</td>
<td>133%</td>
</tr>
</tbody>
</table>

The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.

**SECTION 9C.3.(b)** Fees for families who are required to share in the cost of care are established based on nine percent (9%) of gross family income. When care is received at the blended rate, the co-payment shall be eighty-three percent (83%) of the full-time co-payment. Co-payments for part-time care shall be seventy-five percent (75%) of the full-time co-payment.

**SECTION 9C.3.(c)** Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

1. Religious sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.

2. Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.

3. No payments shall be made for transportation services charged by child care facilities.

4. Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

5. The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

**SECTION 9C.3.(d)** Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

1. Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

2. If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

**SECTION 9C.3.(e)** A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.
SECTION 9C.3.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star rated facilities. For those counties with an inadequate number of four- and five-star rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star rated facilities for non-star rated programs, such as religious programs.

SECTION 9C.3.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 9C.3.(h) Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

SECTION 9C.3.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

1. The child for whom a child care subsidy is sought is receiving child protective services or foster care services.
2. The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.
3. The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 9C.3.(j) The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

SECTION 9C.3.(k) Department of Defense-certified child care facilities licensed pursuant to G.S. 110-106.2 may participate in the State-subsidized child care program that provides for the purchase of care in child care facilities for minor children in needy families, provided that funds allocated from the State-subsidized child care program to Department of Defense-certified child care facilities shall supplement and not supplant funds allocated in accordance with G.S. 143B-168.15(g). Payment rates and fees for military families who choose Department of Defense-certified child care facilities and who are eligible to receive subsidized child care shall be as set forth in this section.

CHILD CARE ALLOCATION FORMULA

SECTION 9C.4.(a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The
mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

1. Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than the applicable federal poverty level percentage set forth in Section 9C.3(a) of this act.

2. The Division may withhold up to two percent (2%) of available funds from the allocation formula for (i) preventing termination of services throughout the fiscal year and (ii) repayment of any federal funds identified by counties as overpayments, including overpayments due to fraud. The Division shall allocate to counties any funds withheld before the end of the fiscal year when the Division determines the funds are not needed for the purposes described in this subdivision. The Division shall submit a report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division, which report shall include each of the following:
   a. The amount of funds used for preventing termination of services and the repayment of any federal funds.
   b. The date the remaining funds were distributed to counties.
   c. As a result of funds withheld under this subdivision and after funds have been distributed, any counties that did not receive at least the amount the counties received the previous year and the amount by which funds were decreased.

   The Division shall submit a report in each year of the 2019-2021 fiscal biennium 30 days after the funds withheld pursuant to this subdivision are distributed but no later than April 1 of each respective year.

3. The Division shall set aside four percent (4%) of child care subsidy allocations for vulnerable populations, which include a child identified as having special needs and a child whose application for assistance indicates that the child and the child's family is experiencing homelessness or is in a temporary living situation. A child identified by this subdivision shall be given priority for receiving services until such time as set-aside allocations for vulnerable populations are exhausted.

SECTION 9C.4.(b) The Division may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county. Counties shall manage service levels within the funds allocated to the counties. A county with a spending coefficient over one hundred percent (100%) shall submit a plan to the Division for managing the county's allocation before receiving any reallocated funds.

SECTION 9C.4.(c) When implementing the formula under subsection (a) of this section, the Division shall include the market rate increase in the formula process rather than calculating the increases outside of the formula process. Additionally, the Department shall do the following:

1. A county's initial allocation shall be the county's expenditure in the previous fiscal year or a prorated share of the county's previous fiscal year expenditures if sufficient funds are not available. With the exception of market rate increases consistent with any increases approved by the General Assembly, a county whose spending coefficient is less than ninety-two percent (92%) in
the previous fiscal year shall receive its prior year's expenditure as its allocation and shall not receive an increase in its allocation in the following year. A county whose spending coefficient is at least ninety-two percent (92%) in the previous fiscal year shall receive, at a minimum, the amount it expended in the previous fiscal year and may receive additional funding, if available. The Division may waive this requirement and allow an increase if the spending coefficient is below ninety-two percent (92%) due to extraordinary circumstances, such as a State or federal disaster declaration in the affected county. By October 1 of each year, the Division shall report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division the counties that received a waiver pursuant to this subdivision and the reasons for the waiver.

(2) Effective immediately following the next new decennial census data release, implement (i) one-third of the change in a county's allocation in the year following the data release, (ii) an additional one-third of the change in a county's allocation beginning two years after the initial change under this subdivision, and (iii) the final one-third change in a county's allocation beginning the following two years thereafter.

SMART START INITIATIVES

North Carolina Partnership for Children, Inc.-funded activities shall include assisting child care facilities with (i) improving quality, including helping one-, two-, and three-star-rated facilities increase their star ratings, and (ii) implementing prekindergarten programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to 5 years of age that do the following:

(1) Increase children's literacy.

The North Carolina Partnership for Children, Inc., shall continue using a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships are required to participate in the contract management system and, directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

SECTION 9C.5.(c) Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:

(1) The population of the area serviced by a local partnership.
(2) The amount of State funds administered.
(3) The amount of total funds administered.
The professional experience of the individual to be compensated.

Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual's salary in excess of the amount set by the salary schedule established under this subsection.

**SECTION 9C.5.(d)** Match Requirements. – The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the 2019-2021 biennium. Of the funds the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least thirteen percent (13%) and in-kind donated resources shall be equal to no more than six percent (6%) for a total match requirement of nineteen percent (19%) for each year of the 2019-2021 fiscal biennium. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Division of Employment Security of the Department of Commerce in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

1. Be verifiable from the contractor's records.
2. If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.
3. Not include expenses funded by State funds.
4. Be supplemental to and not supplant preexisting resources for related program activities.
5. Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program's objectives.
6. Be otherwise allowable under federal or State law.
7. Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.

calculated as the number of slots multiplied by the population in each LME/MCO's catchment
area divided by the population of the State. Once distributed to each LME/MCO, the additional
slots shall be made available to the counties on a per capita basis, calculated as the number of
slots multiplied by the population of the county divided by the population in the LME/MCO's
catchment area. Within each county, the slots shall be filled on a first-come, first-served basis
determined by the length of time an individual has been on the waiting list. The 25 slots identified
under this subsection shall be made available on March 1, 2020, or upon approval by the Centers

SECTION 9D.11.(a) ICF/IID Group Homes. – Of the funds appropriated to the
Department of Health and Human Services, Division of Health Benefits (DHB), the sum of five
million five hundred thousand dollars ($5,500,000) in recurring funds for the 2019-2020 fiscal year and the sum of eleven million dollars ($11,000,000) in recurring funds for the 2020-2021 fiscal year shall be used to adjust the per member per month (PMPM) capitation amount paid to local management entity/managed care organizations (LME/MCOs) operating capitated contracts for mental health, intellectual and other development disabilities, and substance abuse services to include amounts sufficient to increase wages paid to direct support personnel working in community-based Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) group homes for individuals with intellectual and other developmental disabilities to align the wages paid to these direct support personnel with the current wages paid to State employees in State-owned developmental centers. Adjustments to the PMPM capitation amount paid, in accordance with this subsection, shall be implemented no sooner than January 1, 2020.

The following shall apply to PMPM capitation amount adjustments made under this subsection:

1. The adjustments shall be consistent with the North Carolina Medicaid State Plan requirements to provide for actuarially sound rates sufficient to operate and provide safe and effective services.

2. DHB shall validate the actual amounts necessary to adjust the relevant portion of the LME/MCO PMPM capitation payment to wages paid to direct support personnel salaries with current wages paid to State employees in State-owned developmental centers.

3. The adjustments shall be considered directed payments made to LME/MCOs under 42 C.F.R. § 438.6, in order to assure that the increased amounts are used for wage increases.

4. Providers receiving any increase in funds from LME/MCOs to be used for wage increases, as required by this subsection, shall attest and provide verification that those increased funds are being used for the purpose of increasing wages paid to direct support personnel and employees who support direct support personnel. LME/MCOs may require verifiable methods of accounting such as payroll-based journals.

After the implementation of this subsection, DHB shall continue to work with stakeholders and service providers in order to develop an appropriate methodology, to track progress towards increasing direct support personnel wages, and to determine if any additional resources are necessary to achieve alignment of these wages with the current wages paid to State employees in State-owned developmental centers. Further, DHB shall maximize the ICF/IID assessment to increase the capitation payment rates for ICF/IIDs. DHB shall use all available proceeds of the adjusted ICF/IID assessment for the purpose of implementing this subsection.

SECTION 9D.11.(b) North Carolina Innovations Waiver. — Of the funds appropriated to the Department of Health and Human Services, Division of Health Benefits (DHB), the sum of two hundred fifty thousand dollars ($250,000) in nonrecurring funds shall be used to conduct an actuarial analysis and a wage and hour study of the North Carolina Innovations waiver program. This actuarial analysis and study shall aid in determining the appropriate adjustments to the per-slot service costs that would be necessary to align wages paid to direct support personnel providing services under the North Carolina Innovations waiver with wages paid to State employees in State-owned developmental centers. The analysis and study shall be completed prior to the next local management entity/managed care organization (LME/MCO) rate negotiation cycle, but no later than January 15, 2020. DHB shall provide a copy of the analysis and wage and hour study to the Joint Legislative Oversight Committee on Medicaid and NC Health Choice and the Fiscal Research Division no later than January 15, 2020.

Upon completion of the analysis and the wage and hour study, DHB shall draft a plan that provides for multiyear adjustments, to be phased in over a two- to three-year period, to the per-slot cap on costs necessary to align wages paid to direct support personnel providing services under the Innovations waiver with wages paid to State employees working in State-operated
developmental centers. This plan shall require that LME/MCOs and providers receiving an increase in funds as a result of the adjustments to attest and provide verification that those increased funds are being used for the purpose of increasing wages paid to direct support personnel and employees who supervise and support direct support personnel. The plan may require verifiable methods of accounting such as payroll-based journals.

The actuarial analysis conducted and the plan developed under this subsection shall include all of the following components:

1. The average cost per Innovations waiver slot.
2. The percent of average Innovations waiver slot costs that are related to labor costs.
3. Current labor costs for direct support personnel providing services through the Innovations waiver.
4. The percent of other indirect and administrative costs related to direct support personnel providing services through the Innovations waiver.
5. Current indirect and administrative costs related to direct support personnel providing services through the Innovations waiver.
6. An accurate number of full-time equivalents (FTEs) for direct support personnel providing services through the Innovations waiver.
7. Current average hourly wage for direct support personnel providing services through the Innovations waiver.
8. The total cost to increase the wages of direct support personnel providing services through the Innovations waiver to a minimum of fifteen dollars ($15.00) per hour, or the current wage paid to State employees working in State-operated developmental centers.
9. Recommended resources necessary to add additional Innovations waiver slots.
10. Recommended resources necessary to increase the wages of direct support personnel providing services through the Innovations waiver to a minimum of fifteen dollars ($15.00) per hour, or the current wage paid to State employees working in State-operated developmental centers.

No later than March 1, 2020, DHB shall submit a copy of the plan and any related recommendations to the Joint Legislative Oversight Committee on Medicaid and NC Health Choice. DHB shall not pursue any State Plan amendments or any changes to the North Carolina Innovations waiver that would be necessary to increase the wages of direct support personnel providing services through the Innovations waiver to a minimum of fifteen dollars ($15.00) per hour, or the current wage paid to State employees working in State-operated developmental centers, without further legislation directing the implementation of the wage increase.

SECTION 9D.11.(c) Methodology for Determining Appropriate Wages to be Paid.

To establish a baseline methodology for determining the appropriate wages to be paid in accordance with this section, the Department of Health and Human Services, Division of Health Benefits (DHB), shall use information from the Office of State Human Resources job classification and wage and hour data for the specific employees working at State-operated developmental centers who are in comparable job classifications as those direct support personnel working in community-based Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) group homes and those direct support personnel providing services through the North Carolina Innovations waiver. DHB shall make appropriate adjustments for health insurance, retirement benefits, and other key factors that drive total labor costs. DHB shall also take into consideration market-based wage comparisons between direct support personnel working in community-based ICF/IID group homes and those direct support personnel providing services through the North Carolina Innovations waiver and State employees working in the State-operated developmental centers, direct support personnel working in private
work settings, including health care facilities and health services settings, and employees working in private sector businesses that compete to hire the same employees, such as retail and fast food. DHB may accept actuarially sound projections of competitive wage and hour data and other cost data from non-State entities in order to calculate forward-looking wage analysis formulas and finalize the exact rates needed to meet this urgent need, as required by this section.

It is the intent of the General Assembly to appropriate funds from the Medicaid Contingency Reserve only if:

2. The Director of the Budget has reported immediately to the Fiscal Research Division on the amount of the shortfall found in accordance with subdivision (1) of this subsection. The report shall also include data in an electronic format that is adequate for the Fiscal Research Division to confirm the amount of the shortfall and its causes.

2015-241, as amended by Section 88 of S.L. 2015-264, are repealed.

REVISED HOSPITAL ASSESSMENTS, SUPPLEMENTAL PAYMENTS, AND
DIRECTED PAYMENTS

SECTION 9D.18.(b) Effective October 1, 2019, Chapter 108A of the General
Statutes is amended by adding a new Article to read:

"Article 7A.

"Hospital Assessment Act.

"§ 108A-130. Short title and purpose.

This Article shall be known as the "Hospital Assessment Act." This Article does not authorize
a political subdivision of the State to license a hospital for revenue or impose a tax or assessment
on a hospital.

The following definitions apply in this Article:
§ 108A-132. Due dates and collections.

(a) Beginning October 1, 2019, assessments under this Article are due quarterly in the time and manner prescribed by the Secretary and shall be considered delinquent if not paid within seven calendar days of this due date.

(b) With respect to any hospital owing a past due assessment amount under this Article, the Department may withhold the unpaid amount from Medicaid or NC Health Choice payments otherwise due or impose a late payment penalty. The Secretary may waive a penalty for good cause shown.

(c) In the event the data necessary to calculate an assessment under this Article is not available to the Secretary in time to impose the quarterly assessments for a payment year, the Secretary may defer the due date for the assessment to a subsequent quarter.

A hospital may appeal a determination of the assessment amount owed through a reconsideration review. The pendency of an appeal does not relieve a hospital from its obligation to pay an assessment amount when due.

§ 108A-134. Allowable costs; patient billing.

(a) Assessments paid under this Article may be included as allowable costs of a hospital for purposes of any applicable Medicaid reimbursement formula, except that assessments paid under this Article shall be excluded from cost settlement.

(b) Assessments imposed under this Article may not be added as a surtax or assessment on a patient's bill.

The Secretary may adopt rules to implement this Article.

If CMS determines that an assessment under this Article is impermissible or revokes approval of an assessment under this Article, then that assessment shall not be imposed and the Department's authority to collect the assessment is repealed.

Part 2. Supplemental and Base Assessments.

§ 108A-140. Applicability.

(5) State-owned and State-operated hospitals.
(6) The primary affiliated teaching hospital for each University of North Carolina medical school.

(a) The supplemental assessment shall be a percentage, established by the General Assembly, of total hospital costs.
(b) The Department shall propose the rate of the supplemental assessment to be imposed under this section when the Department prepares its budget request for each upcoming fiscal year. The Governor shall submit the Department's proposed supplemental assessment rate to the General Assembly each fiscal year.
(c) The Department shall base the proposed supplemental assessment rate on all of the following factors:

(1) The percentage change in aggregate payments to hospitals subject to the supplemental assessment for Medicaid and NC Health Choice enrollees, excluding hospital access payments made under 42 C.F.R § 438.6, as demonstrated in data from prepaid health plans and the State, as determined by the Department.
(2) Any changes in the federal medical assistance percentage rate applicable to the Medicaid or NC Health Choice programs for the applicable year.

(a) The base assessment shall be a percentage, established by the General Assembly, of total hospital costs.
(b) The Department shall propose the rate of the base assessment to be imposed under this section when the Department prepares its budget request for each upcoming fiscal year. The Governor shall submit the Department's proposed base assessment rate to the General Assembly each fiscal year.
(c) The Department shall base the proposed base assessment rate on all of the following factors:

(1) The change in the State's annual Medicaid payment for the applicable year.
(2) The percentage change in aggregate payments to hospitals subject to the base assessment for Medicaid and NC Health Choice enrollees, excluding hospital access payments made under 42 C.F.R § 438.6, as demonstrated in data from prepaid health plans and the State, as determined by the Department.
(3) Any changes in the federal medical assistance percentage rate applicable to the Medical or NC Health Choice programs for the applicable year.

§ 108A-143. Payment from other hospitals.
If a hospital that is exempt from both the base and supplemental assessments under this Part (i) makes an intergovernmental transfer to the Department to be used to draw down matching federal funds and (ii) has acquired, merged, leased, or managed another hospital on or after March 25, 2011, then the exempt hospital shall transfer to the State an additional amount. The additional amount shall be a percentage of the amount of funds that (i) would be transferred to the State through such an intergovernmental transfer and (ii) are to be used to match additional federal funds that the exempt hospital is able to receive because of the acquired, merged, leased, or managed hospital. That percentage shall be calculated by dividing the amount of the State’s annual Medicaid payment by the total amount collected under the base assessment under G.S. 108A-142.

§ 108A-144. Use of funds.

The proceeds of the assessments imposed under this Part, and all corresponding matching federal funds, must be used to make the State’s annual Medicaid payment to the State, to fund payments to hospitals made directly by the Department, to fund a portion of capitation payments to prepaid health plans attributable to hospital care, and to fund the nonfederal share of graduate medical education payments.”

SECTION 9D.18.(e) The Department of Health and Human Services shall revise the supplemental payment program for eligible medical professional providers described in the Medicaid State Plan, Attachment 4.19-B, Section 5, Pages 2 and 3, as required by this section. This payment program shall be called the Average Commercial Rate Supplemental and Directed Payment Program. Effective October 1, 2019, the following two changes to the program shall be implemented:

(1) The program shall no longer utilize a limit on the number of eligible medical professional providers that may be reimbursed through the program, and instead shall utilize a limit on the total payments made under the program.

(2) Payments under the program shall consist of two components: (i) supplemental payments that increase reimbursement to the average commercial rate under the State Plan and (ii) directed payments that increase reimbursement to the average commercial rate under the managed care system.

SECTION 9D.18.(f) The limitation on total payments made under the Average Commercial Rate Supplemental and Directed Payment Program for eligible medical professional providers shall apply to the combined amount of payments made as supplemental payments under the State Plan and payments made as directed payments under the managed care system and shall be based on the amount of supplemental payments made during the 2018-2019 fiscal year as follows:

providers during the 2018-2019 fiscal year, increased at the start of each State
fiscal year by an inflation factor determined by the Department of Health and
Human Services, Division of Health Benefits.

SECTION 9D.18.(g) Consistent with the existing supplemental payment program
for eligible medical professional providers, the Department of Health and Human Services shall
limit the total amount of supplemental and directed payments that may be received by the eligible
providers affiliated with East Carolina University Brody School of Medicine and University of
North Carolina at Chapel Hill Health Care System. Average commercial rate supplemental
payments and directed payments shall not be made for services provided in Wake County.

SECTION 9D.18.(h) The Department of Health and Human Services is not
authorized to make any modifications to the supplemental payment program for eligible medical
professional providers, except as authorized in subsections (e) through (g) of this section.

SECTION 9D.18.(i) Effective October 1, 2019, Section 12H.13(b) of S.L. 2014-100
is repealed.

SECTION 9D.18.(j) Notwithstanding Section 9D.14 of this act, the State Controller
shall transfer funds from the Medicaid Contingency Reserve, established by Section 12H.38 of
S.L. 2014-100, to the Department of Health and Human Services, Division of Health Benefits

subsection.

Upon making the request to the State Controller for the transfer of funds pursuant to this
section, DHB shall notify the Fiscal Research Division and the Joint Legislative Oversight
Committee on Medicaid and NC Health Choice of the request and the amount of the request.

SECTION 9D.18.(k) Except as otherwise provided, this section is effective July 1,

after July, the DMH/DD/SAS shall distribute, on the third working day of the month,
one-eleventh of the amount of each LME/MCO's single-stream allocation that remains after
subtracting the amount of the distribution that was made to the LME/MCO in July of the fiscal

budget surplus and sufficient cash in Budget Code 14445 to meet total obligations for fiscal year
2018-2019, then the DHB may transfer to the DMH/DD/SAS funds not to exceed the amount of
the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the
reduction in single-stream funding required by this section.

The DMH/DD/SAS shall allocate funds transferred pursuant to this subsection among
the LME/MCOs based on the individual LME/MCO's percentage of recurring reductions in
single-stream funding for the fiscal year, as required by subsection (b) of this section. These
funds shall be allocated as prescribed by June 30 of each State fiscal year.

SECTION 9F.1.(d) The Department of Health and Human Services shall develop a

The Department shall continue to implement a two-tiered system of payment for purchasing these local inpatient psychiatric beds or bed days based on acuity level with an enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels, as defined by the Department. The enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels shall not exceed the lowest average cost per patient bed day among the State psychiatric hospitals. In addition, at the discretion of the Secretary of Health and Human Services, existing funds allocated to LME/MCOs for community-based mental health, developmental disabilities, and substance abuse services may be used to purchase additional local inpatient psychiatric beds or bed days. Funds designated in this subsection for the purchase of local inpatient psychiatric beds or bed days shall not be used to supplant other funds appropriated or otherwise available to the Department for the purchase of inpatient psychiatric services through contracts with local hospitals.

SECTION 9F.2.(b) Distribution and Management of Beds or Bed Days. – Except as provided in this subsection, the Department shall work to ensure that any local inpatient psychiatric beds or bed days purchased in accordance with this section are utilized solely for individuals who are medically indigent, as defined in this subsection. In addition, the Department shall work to ensure that any local inpatient psychiatric beds or bed days purchased in accordance with this section are distributed across the State in LME/MCO catchment areas and according to need as determined by the Department. The Department shall ensure that beds or bed days for individuals with higher acuity levels are distributed across the State in LME/MCO catchment areas and according to greatest need based on hospital bed utilization data. The Department shall enter into contracts with LME/MCOs and local hospitals for the management of these beds or bed days. The Department shall work to ensure that these contracts are awarded equitably around all regions of the State. LME/MCOs shall manage and control these local inpatient psychiatric beds or bed days, including the determination of the specific local hospital or State psychiatric hospital to which an individual should be admitted pursuant to an involuntary commitment order.

The Department may use up to ten percent (10%) of the funds allocated in this section for each year of the 2019-2021 fiscal biennium to pay for facility-based crisis services and nonhospital detoxification services for individuals in need of these services, regardless of whether the individuals are medically indigent, defined as uninsured persons who (i) are financially unable to obtain private insurance coverage as determined by the Department and (ii) are not eligible for government-funded health coverage such as Medicare or Medicaid.

SECTION 9F.2.(c) Funds to Be Held in Statewide Reserve. – Funds appropriated to the Department for the purchase of local inpatient psychiatric beds or bed days shall not be allocated to LME/MCOs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LME/MCOs and billed by the hospitals through the LME/MCOs. LME/MCOs shall remit claims for payment to the Department within 15 working days after receipt of a clean claim from the hospital and shall pay the hospital within 30 working days after receipt of payment from the Department.

SECTION 9F.2.(d) Ineffective LME/MCO Management of Beds or Bed Days. – If the Department determines that (i) an LME/MCO is not effectively managing the beds or bed
days for which it has responsibility, as evidenced by beds or bed days in the local hospital not
being utilized while demand for services at the State psychiatric hospitals has not decreased, or
(ii) the LME/MCO has failed to comply with the prompt payment provisions of subsection (c) of
this section, the Department may contract with another LME/MCO to manage the beds or bed
days or, notwithstanding any other provision of law to the contrary, may pay the hospital directly.

SECTION 9F.2.(e) Reporting by LME/MCOs. – The Department shall establish
reporting requirements for LME/MCOs regarding the utilization of these beds or bed days.

SECTION 9F.2.(f) Reporting by Department. – By no later than December 1, 2020,
and by no later than December 1, 2021, the Department shall report to the Joint Legislative
Oversight Committee on Health and Human Services and the Fiscal Research Division on all of
the following:

(1) A uniform system for beds or bed days purchased during the preceding fiscal
year from (i) funds appropriated in this act that are designated for this purpose
in subsection (a) of this section, (ii) existing State appropriations, and (iii)
local funds.

(2) An explanation of the process used by the Department to ensure that, except
as otherwise provided in subsection (a) of this section, local inpatient
psychiatric beds or bed days purchased in accordance with this section are
utilized solely for individuals who are medically indigent, along with the
number of medically indigent individuals served by the purchase of these beds
or bed days.

(3) The amount of funds used to pay for facility-based crisis services, along with
the number of individuals who received these services and the outcomes for
each individual.

GROUP HOME STABILIZATION AND TRANSITION INITIATIVE

SECTION 9F.7.(a) This section shall be known as the "Group Home Stabilization and Transition Initiative."

SECTION 9F.7.(b) Of the funds appropriated to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substances Abuse Services, the sum of twenty-three million dollars ($23,000,000) in nonrecurring funds for the 2020-2021 fiscal year for the following purposes only:

(1) Incentivizing local management entities/managed care organizations (LME/MCOs) to develop and implement new "in-lieu-of" services, or other Medicaid-funded services, to support the residential needs of Medicaid recipients living in licensed, community-based group homes.
(2) Establishing new rate models and rate methodologies to replace the currently inadequate and insufficient State-funded rates supporting residents of licensed, community-based group homes. DHHS shall identify any vacant beds and eligible individuals to fill those beds under the new rate models and rate methodologies and assist with the orderly transition of the eligible individuals into the vacant beds.

(3) Increasing the existing per member per month payments to LME/MCOs for the 2020-2021 fiscal year to quickly enable and facilitate the transition to a more appropriate and sustainable service-funding model for licensed, community-based group homes by January 1, 2021. Funds expended under this subdivision shall be allocated in per-person amounts, to be determined by DHHS, to individuals with intellectual or other developmental disabilities who received State funding prior to January 1, 2021, and who reside in licensed, community-based group homes for eligible individuals with intellectual and other developmental disabilities.

(4) Continuing the existing rate structure at the per-person amounts for the 2019-2020 fiscal year to offset the loss of bridge funds and maintain the current financial conditions of licensed, community-based group homes that serve adults whose primary diagnosis is mental illness or an intellectual or developmental disability.

Residents of group homes who are supported by the North Carolina Innovations Waiver are not eligible to receive any funding under this subsection.

SECTION 9F.7.(c) DHHS shall develop a more appropriate and sustainable service model for residents of licensed, community-based group homes. In developing this service model, DHHS shall do all of the following:

(1) In cooperation with stakeholders and LME/MCOs, develop actuarially sound, needs-based rate model and rate methodologies for new "in-lieu-of" services, or other Medicaid-funded services, that will be specific to the residential support services needed in group homes serving Medicaid recipients with intellectual or other developmental disabilities and to residential support services needed in group homes serving Medicaid recipients with a primary diagnosis of mental illness. The rate methodologies shall be comparable to, or a percentage of, existing rates for similar services currently provided through the North Carolina Innovations Waiver. The new rate structures shall include wage and hour increases for direct support personnel working in these group homes.

(2) In cooperation with stakeholders and LME/MCOs, develop new model service definitions specific to the residential support services needed by Medicaid recipients with mental health needs living in licensed, community-based group homes. The new service definitions shall require the delivery of new habilitation or rehabilitation support services in the residential setting.

(3) Develop a process whereby all, or a portion of, the State funds used to support Medicaid recipients with mental illness or intellectual or other developmental disabilities living in licensed, community-based group homes prior to the implementation of the new rate structure are used for the new "in-lieu-of" services or other Medicaid services developed pursuant to this subsection. The policy shall ensure an orderly home-by-home transition process. The policy shall ensure that residents who are found to be ineligible for Medicaid services or who do not meet medical necessity criteria for the new "in-lieu-of" services, or other Medicaid-funded services, shall continue to be served using State
funds at a needs-based rate comparable to the North Carolina Innovations Waiver rate. No resident shall be displaced as a result of being found ineligible for Medicaid services after the implementation of the new “in-lieu-of” services or other Medicaid-funded services. DHHS may use a regional phased-in approach to achieve the goals set forth in this subdivision.

(4) Include a plan to direct LME/MCOs to (i) implement “in-lieu-of” services or other Medicaid-funded services for all eligible residents with mental illness or intellectual or other developmental disabilities living in licensed, community-based group homes receiving State funds and (ii) transition eligible residents to these more sustainable and appropriate Medicaid services.

(5) No later than November 1, 2020, report to the Joint Legislative Oversight Committee on Health and Human Services and the Joint Legislative Oversight Committee on Medicaid and NC Health Choice on the service model for residents of licensed, community-based group homes that has been developed. The model shall be implemented by January 1, 2021. Once the model is implemented, the State funds that were used to support residents of licensed, community-based group homes prior to implementation shall be reinvested in their entirety in both the new funding model and increased rates to support and equalize wages of direct support personnel serving the residents. The reinvested State funds match plus the federal funds portion of the new services shall be annualized and become a part of the prepaid health plan per member per month amount.

SECTION 9F.7.(d) The more appropriate and sustainable service model for residents of licensed, community-based group homes developed in accordance with subsection (c) of this section shall be implemented by January 1, 2021. Once the model is implemented, the State funds that were used to support residents of licensed, community-based group homes prior to implementation shall be reinvested in their entirety in both the new funding model and increased rates to support and equalize wages of direct support personnel serving the residents. The reinvested State funds match plus the federal funds portion of the new services shall be annualized and become a part of the prepaid health plan per member per month amount.

GENERAL PROVISIONS

SECTION 9K.1.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

1. A delineation of the proposed allocations by program or activity, including State and federal match requirements.
2. A delineation of the proposed State and local administrative expenditures.
3. An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.
4. A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.
5. A projection of current year expenditures by program or activity.
6. A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.
7. The amount of funds qualifying for maintenance of effort in the previous year delineated by program or activity.

SECTION 9K.1.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this act, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this act.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this act, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2019-2020 and 2020-2021, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used only for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for 4-year-old children and shall not be used to supplant State funds.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division.

SECTION 9K.1.(d) Except as otherwise provided, appropriations from federal Block Grant funds are made for each year of the fiscal biennium ending June 30, 2021, according to the schedule enacted for State fiscal years 2019-2020 and 2020-2021 or until a new schedule is enacted by the General Assembly.

SECTION 9K.1.(e) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management. The Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section. Additionally, if budgeted allocations are decreased, the Office of State Budget and
Management shall not approve any reduction of funds designated for subrecipients in subsection (a) of this section under Item 01 of the Maternal and Child Health Block Grant. SECTION 39.2.(b) This subsection authorizes the following capital projects and allocates funding in the 2019-2021 fiscal biennium based upon projected cash flow needs for the authorized projects. The authorizations provided in this subsection represent the maximum amount of funding from the State Capital and Infrastructure Fund that may be expended on each project. An additional action by the General Assembly is required to increase the maximum authorization for any of the projects listed.

In each fiscal year, the Office of State Budget and Management may reallocate appropriations from the State Capital and Infrastructure Fund between projects to meet cash flow requirements for a project, provided that the following criteria are met:

1. If the project for which funds have been appropriated in this Part is for one of the constituent institutions of The University of North Carolina, then unencumbered funds may be allocated from another project for a constituent institution of The University of North Carolina for which funds have been appropriated.
2. If the project is for which funds have been appropriated in this Part for a State agency that is not The University of North Carolina, then unencumbered funds may be allocated from another project for a State agency for which funds have been appropriated.
3. The amount disbursed will not exceed amounts appropriated from the State Capital and Infrastructure Fund.
4. The amount disbursed on any project cannot exceed the amount authorized for that project.
5. The amount reallocated cannot be used to expand the scope of the project.

There is allocated from the State Capital and Infrastructure Fund for the 2019-2021 fiscal biennium the following amounts for capital improvement project codes, as defined in subsection (a) of this section:

**SECTION 39.4.(c)** Where the actual costs are different from the estimated costs under subsection (a) of this section, the Department may adjust the allocations among projects as needed. If any projects funded under subsection (a) of this section are delayed and the budgeted State funds cannot be used during the 2019-2020 fiscal year or if the projects funded under subsection (a) of this section are accomplished at a lower cost, the Department may use the resulting fund availability to fund any of the following:

1. U.S. Army Corps of Engineers project feasibility studies.
2. U.S. Army Corps of Engineers projects whose schedules have advanced and require State matching funds in the 2019-2020 fiscal year.
3. State-local water resources development projects.

Funds subject to this subsection that are not expended or encumbered for the purposes set forth in subdivisions (1) through (3) of this subsection shall revert to the State Capital and Infrastructure Fund at the end of the 2019-2020 fiscal year.

**SECTION 39.4.(d)** The Department shall submit semiannual reports on the use of these funds to the Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources, the Fiscal Research Division, and the Office of State Budget and Management on or before March 1 and September 1. Each report shall include all of the following:

1. All projects listed in this section.
2. The estimated cost of each project.
3. The date that work on each project began or is expected to begin.
4. The date that work on each project was completed or is expected to be completed.
5. The actual cost of the project.

The semiannual reports also shall show those projects advanced in schedule, those projects delayed in schedule, and an estimate of the amount of funds expected to revert to the State Capital and Infrastructure Fund.

**SECTION 39.4.(e)** Notwithstanding any provision of law to the contrary, funds appropriated for a water resources development project shall be used to provide no more than fifty percent (50%) of the nonfederal portion of funds for the project. This subsection applies to funds appropriated in this act and to funds appropriated prior to the 2019-2021 fiscal biennium that are unencumbered and proposed for reallocation to provide the nonfederal portion of funds
for water resources development projects. The limitation on fund usage contained in this subsection applies only to projects in which a local government or local governments participate.

GROWING G.R.E.A.T. PROGRAM

SECTION 39.10.(a) G.S. 143B-1373 reads as rewritten:

"§ 143B-1373. Growing Rural Economies with Access to Technology (GREAT) program. (a) As used in this section, the following definitions apply:

(6) Eligible project. – An eligible project is a discrete and specific project located in an unserved area of an economically distressed county seeking to provide broadband service to homes, businesses, and community anchor points not currently served. Eligible projects do not include middle mile, backhaul, and other similar projects not directed at broadband service to end users. If a project area is contiguously located within more than one county, for the
purposes of this section, the project shall be deemed to be located in the county where the greatest number of unserved households will be served.

(c) Project areas comprised of census blocks, or portions thereof, within which a broadband provider is receiving State or federal matching funds to deploy technologically neutral scalable broadband service within the next 18 months are ineligible for the GREAT program. It is essential for the Office to know the location of census blocks, or portions thereof, comprising these areas so it can determine project eligibility. A private provider receiving State or federal matching funds to deploy broadband service within such an area shall, within 60 days of the effective date of this section, submit only a listing of the census blocks, or portions thereof, comprising each of its federally funded project areas meeting this requirement and nothing more to the Office. In future program years, the cutoff date for submitting this census block data shall be May 15. This will enable the office to update maps and advise applicants as to the unserved areas of the State that are eligible for consideration in that program year. The Office shall only utilize this data to update maps of census blocks to reflect these census blocks, or portions thereof, as being served. Failure on the part of a provider to submit the listing of census blocks by the cutoff date shall result in those areas being eligible for inclusion under this program during the upcoming program year. The Office shall use the census block data provided only for mapping of unserved areas. Upon expiration of the 18-month period described in this subsection, a private provider receiving State or federal matching funds to deploy broadband service shall submit written documentation that broadband deployment has begun or been completed in the census blocks, or portions thereof, that have been deemed ineligible by the Office due to the existence of a federally funded project area. Information provided to the Office pursuant to this subsection is not a public record, as that term is defined in G.S. 132-1.

(d) Applications for grants will be submitted at times designated by the Secretary and will include, at a minimum, the following information:

(5) An illustration or description of the actual area to be served and the number of homes, businesses, community anchor points, agricultural operations, or agricultural processing facilities that will have access to broadband as a result of the project, including any publicly available addresses for the foregoing.

(d1) A provider submitting an application pursuant to this section shall bear the burden of proof that the proposed area to be served can, in fact, be served using the proposed technology. The burden of proof may be satisfied by the submission of data, maps, and any other information satisfactory to the Office, demonstrating that the area and number of households proposed to be served can be provided the minimum upload and download speeds indicated in the application.

(e) Applications shall be made publicly available by posting on the Web site of the Department of Information Technology for a period of at least 30 days prior to award. During the 30-day period, any interested party may submit comments to the Secretary concerning any pending application. A provider of broadband services may submit a protest of any application on the grounds the proposed project covers an area that is not an eligible area under this section. Protests shall be submitted in writing, accompanied by all relevant supporting documentation, and shall be considered by the Office in connection with the review of the application. Upon submission of evidence satisfactory to the Office that the proposed project area includes households that have a minimum download and upload speed of 10:1, as measured using a methodology satisfactory to the Office, the Office may amend an application to reduce the number of unserved households in the project area to reflect an accurate level of current broadband service. The Office may amend application scores in accordance with amended applications. For applications with filed protests, the Secretary shall issue a written decision to
the protesting party at least 15 days prior to the approval of that application. Following a protest that is granted for a portion of the application, the Office may release to an applicant the locations or areas declared ineligible. The information released to the applicant is not a public record, as that term is defined under G.S. 132-1, and shall remain confidential. Any provider submitting a protest shall verify that the information in the protest is accurate and that the protest is submitted in good faith. The Office may disqualify any protest or application that contains inaccurate information or information not submitted in good faith. The Office shall develop procedures that address the consideration of protests.

In the resolution of a protest the Office may obtain speed tests, satisfactory to the Office, from the home or business located at the very end of the segments or runs of the proposed service extension. If the result of the test indicates that the tested home or business at the end of a given segment or run is currently receiving a minimum download and upload speed of 10:1, then that home or business, and all of the other homes or businesses along that segment or run of the proposed service extension, shall be deemed ineligible and removed from consideration and the application shall be adjusted accordingly. If the result of the speed test indicates that the home or business is receiving less than a minimum download and upload speed of 10:1, then that home or business, and all other homes or businesses situated along that segment or run of the proposed service extension, shall remain eligible.

(f) The Office may consult with the Department of Commerce to determine if a broadband project proposed under this section will benefit a potential economic development project relevant to the proposed area outlined in the broadband project.

(g) Applications shall be scored based upon a system that awards a single point for criteria considered to be the minimum level for the provision of broadband service with additional points awarded to criteria that exceed minimum levels. The Office shall score project applications in accordance with the following:

…

(3) Households Unserved households to be served. – The Office shall give additional points to projects that will provide broadband service based upon the percentage of the total unserved households within the eligible economically distressed county, as county that the project will serve. The number of unserved households shall be determined by using the most recent data published by the Federal Communications Commission or any other information available to the Office. Points shall be given to projects that will serve a percentage of unserved households within the project area as follows:

<table>
<thead>
<tr>
<th>Households To Be Served</th>
<th>Points Given</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under 150</td>
<td>Less than 20%</td>
</tr>
<tr>
<td>150 - 492</td>
<td>20% to 30%</td>
</tr>
<tr>
<td>500 - 30%</td>
<td>and up</td>
</tr>
</tbody>
</table>

…

(6) Base speed multiplier. – Projects that will provide minimum download and minimum upload speeds shall have the aggregate points given under subdivisions (1) through (5) of this subsection multiplied by a factor at the level indicated in the table below:

<table>
<thead>
<tr>
<th>Minimum Download:</th>
<th>Score Multiplier</th>
</tr>
</thead>
<tbody>
<tr>
<td>10:1 Mbps.</td>
<td>0.95</td>
</tr>
<tr>
<td>25:3 Mbps. or greater</td>
<td>1.35</td>
</tr>
<tr>
<td>100:10 Mbps. or greater</td>
<td>1.75</td>
</tr>
</tbody>
</table>

(h) The Office shall score applications based upon the metrics provided in subsection (g) of this section. In awarding grants based upon the scoring metrics, the Office shall also award additional points to proposed projects according to the following:
(1) One point, where a county has a Community Broadband Planning Playbook that meets the guidelines established by the Office.

(2) Two points, where a proposed project will provide symmetrical minimum download and minimum upload speeds that exceed 25:25 Mbps.

(3) One point, where a proposed project will include digital literacy training.

(4) One point, where a proposed project will include low-cost service for qualified low-income households.

(5) One point, where a proposed project will include acceptance of Lifeline support, as offered by the Federal Communications Commission.

Applications receiving the highest score shall receive priority status for the awarding of grants pursuant this section. As a means of breaking a tie for applications receiving the same score, the Office may first consider highest total households being served and then lowest project cost per household for the proposed projects. Applicants awarded grants pursuant to this section shall enter into an agreement with the Office. The agreement shall contain all of the elements outlined in subsection (d) of this section and any other provisions the Office may require. The agreement shall contain a provision governing the time line and minimum requirements and thresholds for disbursement of grant funds measured by the progress of the project. Grant funds shall be disbursed only upon verification by the Office that the terms of the agreement have been fulfilled according to the progress milestones contained in the agreement. At project completion, the grant recipient shall certify and provide to the Office evidence consistent with Federal Communications Commission attestation that the proposed minimum upstream and minimum downstream broadband speeds identified in the application guidelines, and for which a base speed multiplier was awarded pursuant to subdivision (6) of subsection (g) of this section, are available throughout the project area prior to any end user connections. A single grant award for either a single project or the cumulative total of projects in a given county shall not exceed two million dollars ($2,000,000). No more than one grant may be awarded per fiscal year for a project in any one eligible economically distressed county. ($2,000,000) in any fiscal year.

SECTION 39.10.(b) G.S. 143B-1373(a)(5) reads as rewritten:
"(5) Eligible economically distressed county. – A county designated as a development tier one or tier two area, as defined in G.S. 143B-473.08."

SECTION 39.10.(c) G.S. 143B-1373(i), as amended by subsection (a) of this section, reads as rewritten:
"(i) Applications receiving the highest score shall receive priority status for the awarding of grants pursuant this section. As a means of breaking a tie for applications receiving the same score, the Office may consider total households being served and the project cost per household for the proposed projects. Applicants awarded grants pursuant to this section shall enter into an agreement with the Office. The agreement shall contain all of the elements outlined in subsection (d) of this section and any other provisions the Office may require. The agreement shall contain a provision governing the time line and minimum requirements and thresholds for disbursement of grant funds measured by the progress of the project. Grant funds shall be disbursed only upon verification by the Office that the terms of the agreement have been fulfilled according to the progress milestones contained in the agreement. At project completion, the grant recipient shall certify and provide to the Office evidence consistent with Federal Communications Commission attestation that the proposed minimum upstream and minimum downstream broadband speeds identified in the application guidelines, and for which a base speed multiplier was awarded pursuant to subdivision (6) of subsection (g) of this section, are available throughout the project area prior to any end user connections. Grant awards for either a single project or the cumulative total of projects in a given county shall not exceed two million dollars ($2,000,000) in any fiscal year. No more than one-third of the funds appropriated to the fund established in subsection (b) of this section shall be disbursed for projects located in a development tier two county."
SECTION 39.10.(d) G.S. 143B-1373(i), as amended by subsections (a) and (c) of this section, reads as rewritten:

"(i) Applications receiving the highest score shall receive priority status for the awarding of grants pursuant this section. As a means of breaking a tie for applications receiving the same score, the Office may consider total households being served and the project cost per household for the proposed projects. Applicants awarded grants pursuant to this section shall enter into an agreement with the Office. The agreement shall contain all of the elements outlined in subsection (d) of this section and any other provisions the Office may require. The agreement shall contain a provision governing the time line and minimum requirements and thresholds for disbursement of grant funds measured by the progress of the project. Grant funds shall be disbursed only upon verification by the Office that the terms of the agreement have been fulfilled according to the progress milestones contained in the agreement. At project completion, the grant recipient shall certify and provide to the Office evidence consistent with Federal Communications Commission attestation that the proposed minimum upstream and minimum downstream broadband speeds identified in the application guidelines, and for which a base speed multiplier was awarded pursuant to subdivision (6) of subsection (g) of this section, are available throughout the project area prior to any end user connections. Grant awards for either a single project or the cumulative total of projects in a given county shall not exceed two million dollars ($2,000,000) in any fiscal year. No more than one-third one-half of the funds appropriated to the fund established in subsection (b) of this section shall be disbursed for projects located in a development tier one county. If the Office has not received enough grant applications for projects located in a development tier one county to disburse one-half of the funds appropriated to the fund established in subsection (b) of this section as of March 1 of each year, then the Office may allocate any unencumbered funds in the fund for projects located in a development tier two county."

SECTION 39.10.(e) Subsections (b) and (c) of this section become effective July 1, 2020. Subsection (d) of this section becomes effective July 1, 2021.

1. Analyzes employee functions to create a workspace design that adequately and properly fits the business needs of the agency and its divisions.

2. Diminishes any underutilized or unnecessary square footage in an effort to right-size the necessary workspace for the agency and provide for the most efficient use of available State funds.

SECTION 39.11.(b) The Department shall submit the results of the evaluation described in this section to the Joint Legislative Oversight Committee on Capital Improvements and the Fiscal Research Division on or before April 1, 2020.

"§ 63-74. Airport Improvement Program.

(a) Purpose. – There is established an Airport Improvement Program (AIP) that shall serve to (i) fund improvements at eligible airports and (ii) pay debt service or related financing costs and expenses on revenue bonds or notes issued by eligible airports. The Department of Transportation shall allocate funds appropriated to this program to eligible airports based on the findings in the biennial economic impact study, as described in this section. The Department shall adopt rules governing the distribution and use of these funds.

(b) Eligible Airport. – Any publicly owned, commercial service airport with more than 10,000 passenger boardings during the two calendar years preceding the fiscal year in which funds are allocated is eligible to apply for Airport Improvement Program funds.

(c) Economic Impact Study and Distribution Formula. – The Department of Transportation shall conduct a biennial economic impact study that examines the annual economic impact of each commercial service airport in North Carolina. The Department shall disburse AIP funds appropriated in a year to each eligible airport in proportion to the total economic impact of the airport, adjusted as provided in this subsection.

(1) For eligible airports with one of the three largest economic impacts, the airport's distribution amount shall be reduced by a percentage equal to the lesser of twenty percent (20%) or five percent (5%) multiplied by each full ten percent (10%) of economic impact calculated for that airport. The aggregate amount of the reduction to the eligible airports with the three largest economic impacts is the amount to be redistributed to the remaining eligible airports as provided in subdivision (2) of this subsection.

(2) For an eligible airport that does not have one of the three largest economic impacts, the airport's distribution amount shall be increased based upon the following formula:

a. Twenty-five percent (25%) of the redistribution amount shall be distributed equally.

b. Seventy-five percent (75%) of the redistribution amount shall be based upon the airport's share of passenger boardings compared to the total number of passenger boardings used for all airports receiving a distribution pursuant to this subdivision.

(d) Permissible Uses, Reporting, and Return of Funds. – The Department of Transportation shall not allocate funds to an airport under this section until that airport has provided a report outlining how the airport will use the funds in conformance with the purposes of the program. No later than 45 days from the date the Department receives the report required under this subsection, the Department shall make a determination whether the intended use of the funds matches the purposes of the program and, if so, allocate funds under this section to the
compliant airport. An airport that receives funds under this section shall return the funds to the Department if the funds are in the possession or control of the airport and not expended or encumbered by August 31 of the year following the fiscal year in which the Department makes the allocation. All funds returned to the Department under this section, or retained by the Department for failure of an eligible airport to submit a report under this subsection, shall be credited to the fund from which they were appropriated and shall remain unexpended and unencumbered until appropriated by the General Assembly.

(e) Limitation. – Notwithstanding any provision of law to the contrary, the allocation of funds under this section to eligible airports, the enactment of this section, and the issuance of bonds or notes by the airports in reliance thereon, shall not in any manner constitute a pledge of the full faith and credit and taxing power of the State. Additionally, allocations under this section are subject to the availability of funds appropriated to the Airport Improvement Program. A security interest shall not be granted in funds allocated under this section."

SECTION 41.4(a) G.S. 105-130.4 reads as rewritten:

§ 105-130.4. Allocation and apportionment of income for corporations.

... (l) Sales Factor. – The sales factor is a fraction, the numerator of which is the total sales of the corporation in this State during the income year, and the denominator of which is the total sales of the corporation everywhere during the income year. Notwithstanding any other provision under this Part, the receipts from any casual sale of property shall be excluded from both the numerator and the denominator of the sales factor. Where a corporation is not taxable in another state on its apportionable income but is taxable in another state only because of nonapportionable income, all sales shall be treated as having been made in this State.

Receipts are in this State if the taxpayer's market for the receipts is in this State. If the market for a receipt cannot be determined, the state or states of assignment shall be reasonably approximated. In a case in which a taxpayer cannot ascertain the state or states to which receipts of a sale are to be assigned through the use of a method of reasonable approximation, the receipts must be excluded from the denominator of a taxpayer's sales factor. Except as otherwise provided by this section, a taxpayer's market for receipts is in this State as provided below:

1. In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this State,

2. Sales of tangible personal property are in this State if the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed shall be considered as the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State shall constitute delivery to the purchaser in this State. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this State,

3. Other sales are in this State if any of the following occur: In the case of sale of tangible personal property, if and to the extent the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed is considered the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State constitutes delivery to the purchaser in this State.

a. The receipts are from real or tangible personal property located in this State, and includes receipts from incidental services sold as part of, or in connection with, the sale of tangible personal property in this State.

b. The receipts are from intangible property and are received from sources within this State.

c. The receipts are from services and the income-producing activities are in this State. For the purposes of this subdivision, an "income-producing activity" means an activity directly performed by the taxpayer or its agents for the ultimate purpose of generating the sale of the service. Receipts from income-producing activities performed within and without this State are attributed to this State in proportion to the income-producing activities performed in this State to total income-producing activities performed everywhere that generate the sale of service.
(4) In the case of sale of a service, if and to the extent the service is delivered to a location in this State.

(5) In the case of intangible property that is rented, leased, or licensed, if and to the extent the property is used in this State. Intangible property utilized in marketing a good or service to a consumer is "used in this State" if that good or service is purchased by a consumer who is in this State.

(6) In the case of intangible property that is sold, if and to the extent the property is used in this State. A contract right, government license, or similar intangible property that authorized the holder to conduct a business activity in a specific geographic area is "used in this State" if the geographic area includes all or part of this State. Receipts from a sale of intangible property that is contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of the intangible property as provided under subdivision (5) of this subsection. All other receipts from a sale of intangible property shall be excluded from the numerator and denominator of the sales factor.

(1) Wholesale Content Distributors. – A whole content distributor's market for receipts is in this State as provided in G.S. 105-130.4A. In no event may the amount of income apportioned to this State be less than the amount determined under this subsection. The amount determined under this subsection is the total domestic gross receipts of the wholesale content distributor from advertising and licensing activities multiplied by two percent (2%). For purposes of this section, the term "wholesale content distributor" has the same meaning as defined in G.S. 105-130.4A.

(2) Banks. – A bank's market for receipts is in this State as provided in G.S. 105-130.4B. For purposes of this section, the term "bank" has the same meaning as defined in G.S. 105-130.4B.

(3) Electric Power Company. – All apportionable income of an electric power company shall be apportioned by a fraction, the numerator of which is the average value of the real and tangible personal property owned or rented and used in this State by the electric power company during the income year and the denominator of which is the average value of all the real and tangible personal property owned or rented and used by the electric power company during the income year. For purposes of this subsection, the term "electric power company" is a company, including any of its wholly owned noncorporate limited liability companies, primarily engaged in the business of supplying electricity for light, heat, current, or power to persons in this State and that is subject to control of one or more of the following entities: the North Carolina Utilities Commission or the Federal Energy Regulatory Commission.

For purposes of this subsection, the average value of real and tangible personal property owned or rented by an electric power company is determined as follows:

(1) The average value of property shall be determined by averaging the values at the beginning and end of the income year, but in all cases the Secretary may require the averaging of monthly or other periodic values during the income year if reasonably required to reflect properly the average value of the corporation's property.

(2) An electric power company that ceases its operations in this State before the end of its income year because of its intention to dissolve or to relinquish its certificate of authority, or because of a merger, conversion, or consolidation, or for any other reason whatsoever shall use the real estate and tangible personal property values as of the first day of the income year and the last day of its operations in this State in determining the average value of property, but the Secretary may require averaging of monthly or other periodic values
during the income year if reasonably required to reflect properly the average
value of the electric power company's property.

(3) Property owned by an electric power company is valued at its original cost.

(4) Property rented by an electric power company is valued at eight times the net
annual rental rate.

(5) Net annual rental rate is the annual rental rate paid by an electric power
company less any annual rental rate received by the electric power company
from sub-rentals except that sub-rentals shall not be deducted when they
consist of apportionable income.

(6) Any property under construction and any property the income from which
constitutes nonapportionable income shall be excluded
from the computation
of the average value of an electric power company's real and tangible personal
property.

SECTION 41.4.(b) Part 1 of Article 4 of Chapter 105 of the General Statutes is
amended by adding a new section to read:

wholesale content distributor from whom the wholesale content distributor
derives gross receipts, including a business customer such as an advertiser or

program network, or any television distribution company owned by, affiliated
with, or under common ownership with any such network. The term does not

(b) Market for Receipts. – The receipts factor of a wholesale content distributor is a
fraction, the numerator of which is the sum of the wholesale content distributor's gross receipts
from transactions and activity in the regular course of its trade or business from sources within
the State and the denominator of which is the sum of the wholesale content distributor's gross
receipts from transactions and activity in the regular course of its trade or business everywhere.
A wholesale content distributor's receipts from transactions and activities in the regular course
of its business, including, but not limited to, advertising, licensing, and distribution activities, but
excluding receipts from the sale of real property or tangible personal property, are in this State if
derived from a business customer whose commercial domicile is in this State. Receipts derived
from an individual customer are in this State if the billing address of the individual customer as
listed in the broadcaster's books and records is in this State."

SECTION 41.4.(c) Part 1 of Article 4 of Chapter 105 of the General Statutes is
amended by adding a new section to read:

"§ 105-130.4B. Market-based sourcing for banks.

(a) Definitions. – The definitions in G.S. 105-130.4 apply to this section and the

(10) Participation. – An extension of credit in which an undivided ownership interest is held on a prorate basis in a single loan or pool of loans and related collateral. (11) Payor. – The person who is legally responsible for making payment to the taxpayer.

(12) Real property owned. – Real property (i) on which the taxpayer may claim depreciation for federal income tax purposes or (ii) to which the taxpayer holds legal title and on which no other person may claim depreciation for federal income tax purposes or could claim depreciation if subject to federal income tax. (15) Transportation property. – Vehicles and vessels capable of moving under their own power as well as any equipment or containers attached to such property.
Examples of transportation property include aircraft, trains, water vessels, motor vehicles, rolling stock, barges, and trailers.

(b) General Rule. – The receipts factor of a bank is a fraction, the numerator of which is the total receipts of the taxpayer in this State during the income year, and the denominator of which is the total receipts of the taxpayer everywhere during the income year. The method of calculating receipts for purposes of the denominator is the same as the method used in determining receipts for purposes of the numerator. The receipts factor includes only those receipts described herein that are apportionable income for the taxable year. Notwithstanding any other provision under this Part, the receipts from the following are excluded from both the numerator and the denominator of the receipts factor:

1. Receipts from a casual sale of property.
2. Receipts exempt from taxation.
3. The portion of receipts realized from the sale or maturity of securities or other obligations which represents a return of principal.

If the extent of the use of any transportation property within this State cannot be determined, then the property will be deemed to be used wholly in the state in which the property has its principal base of operations. If more than fifty percent (50%) of the fair market value of the real property is not located within any one state, then the receipts described in this subsection are included in the numerator of the receipts factor if the borrower is located in this State. of the time the original agreement was made and any and all subsequent substitutions of collateral are disregarded.

(f) Interest, Fees, and Penalties from Loans Not Secured by Real Property. – The numerator of the receipts factor includes interest, fees, and penalties from loans not secured by real property if the borrower is located in this State.

(g) Net Gains from the Sale of Loans. – The numerator of the receipts factor includes net gains from the sale of loans.
